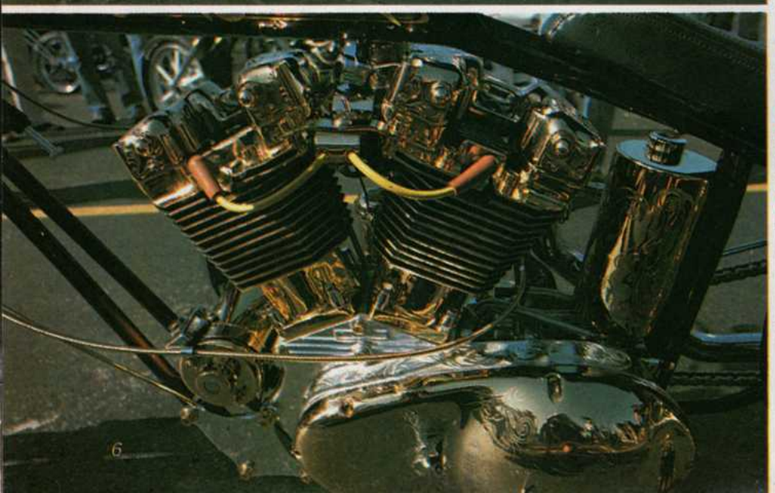
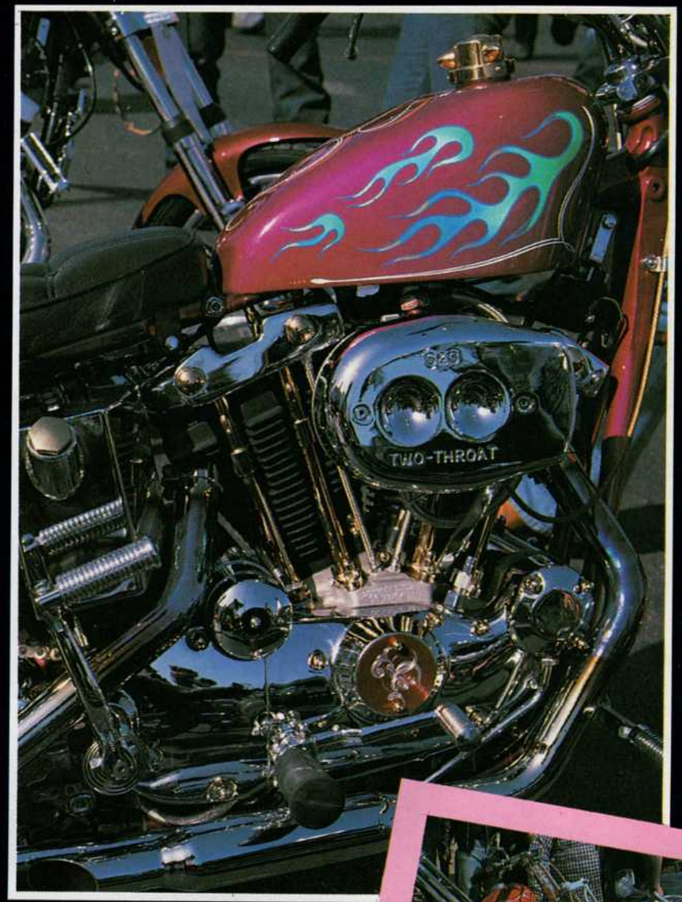
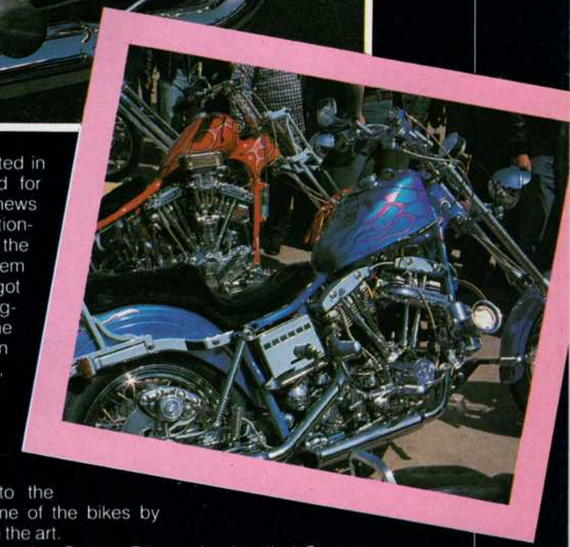
**AMERICA'S PREOCCUPATION WITH TURNING EVERYDAY TRANSPORT INTO WORKS OF ART SURFACES ONCE AGAIN . . .**
**BY ANDREW MORELAND**

These photographs were taken at the 11th Rat Hole custom chopper bike show at Daytona Beach on the same weekend as the Bike Races, but the first original custom design came on paper from the auto artist 'Big Daddy Rat'. Today it is a multi-million dollar business, not only where it started, on the West Coast, but all over the USA custom shops supply the needs of the Custom Biker.

The American Motor Cycle Association back in 1947 was running a hill climb at a small town called Hollister in the Diablo Mountains, California, on Independence Day. A few







thousand biking spectators celebrated in the town and some were arrested for being drunk and disorderly. The news media told an exaggerated story nationwide and the AMA put the blame on the spectator bike clubs and called them 'outlawed clubs'. The motorcyclist got a bad name which the cinema strengthened. This was especially true of the 1953 film *The Wild One* with Marlon Brando and Lee Marvin. However, the cult of Harley Choppers and the development of the specialist custom bike all happened inside the outlaw clubs. In the late 1960s at Daytona, Florida, Carl Smith, 'Big Daddy Rat', gave respectability to the beautiful quality and design of some of the bikes by starting a custom show to encourage the art.

If you want to see more of these amazing Custom Bikes, a book called *Custom Motorcycles* is available from Motorbooks International, Osceola, Wisconsin 54020, published by Osprey. This is a book full of colour photographs of Custom Bikes also photographed by Andrew Moreland.

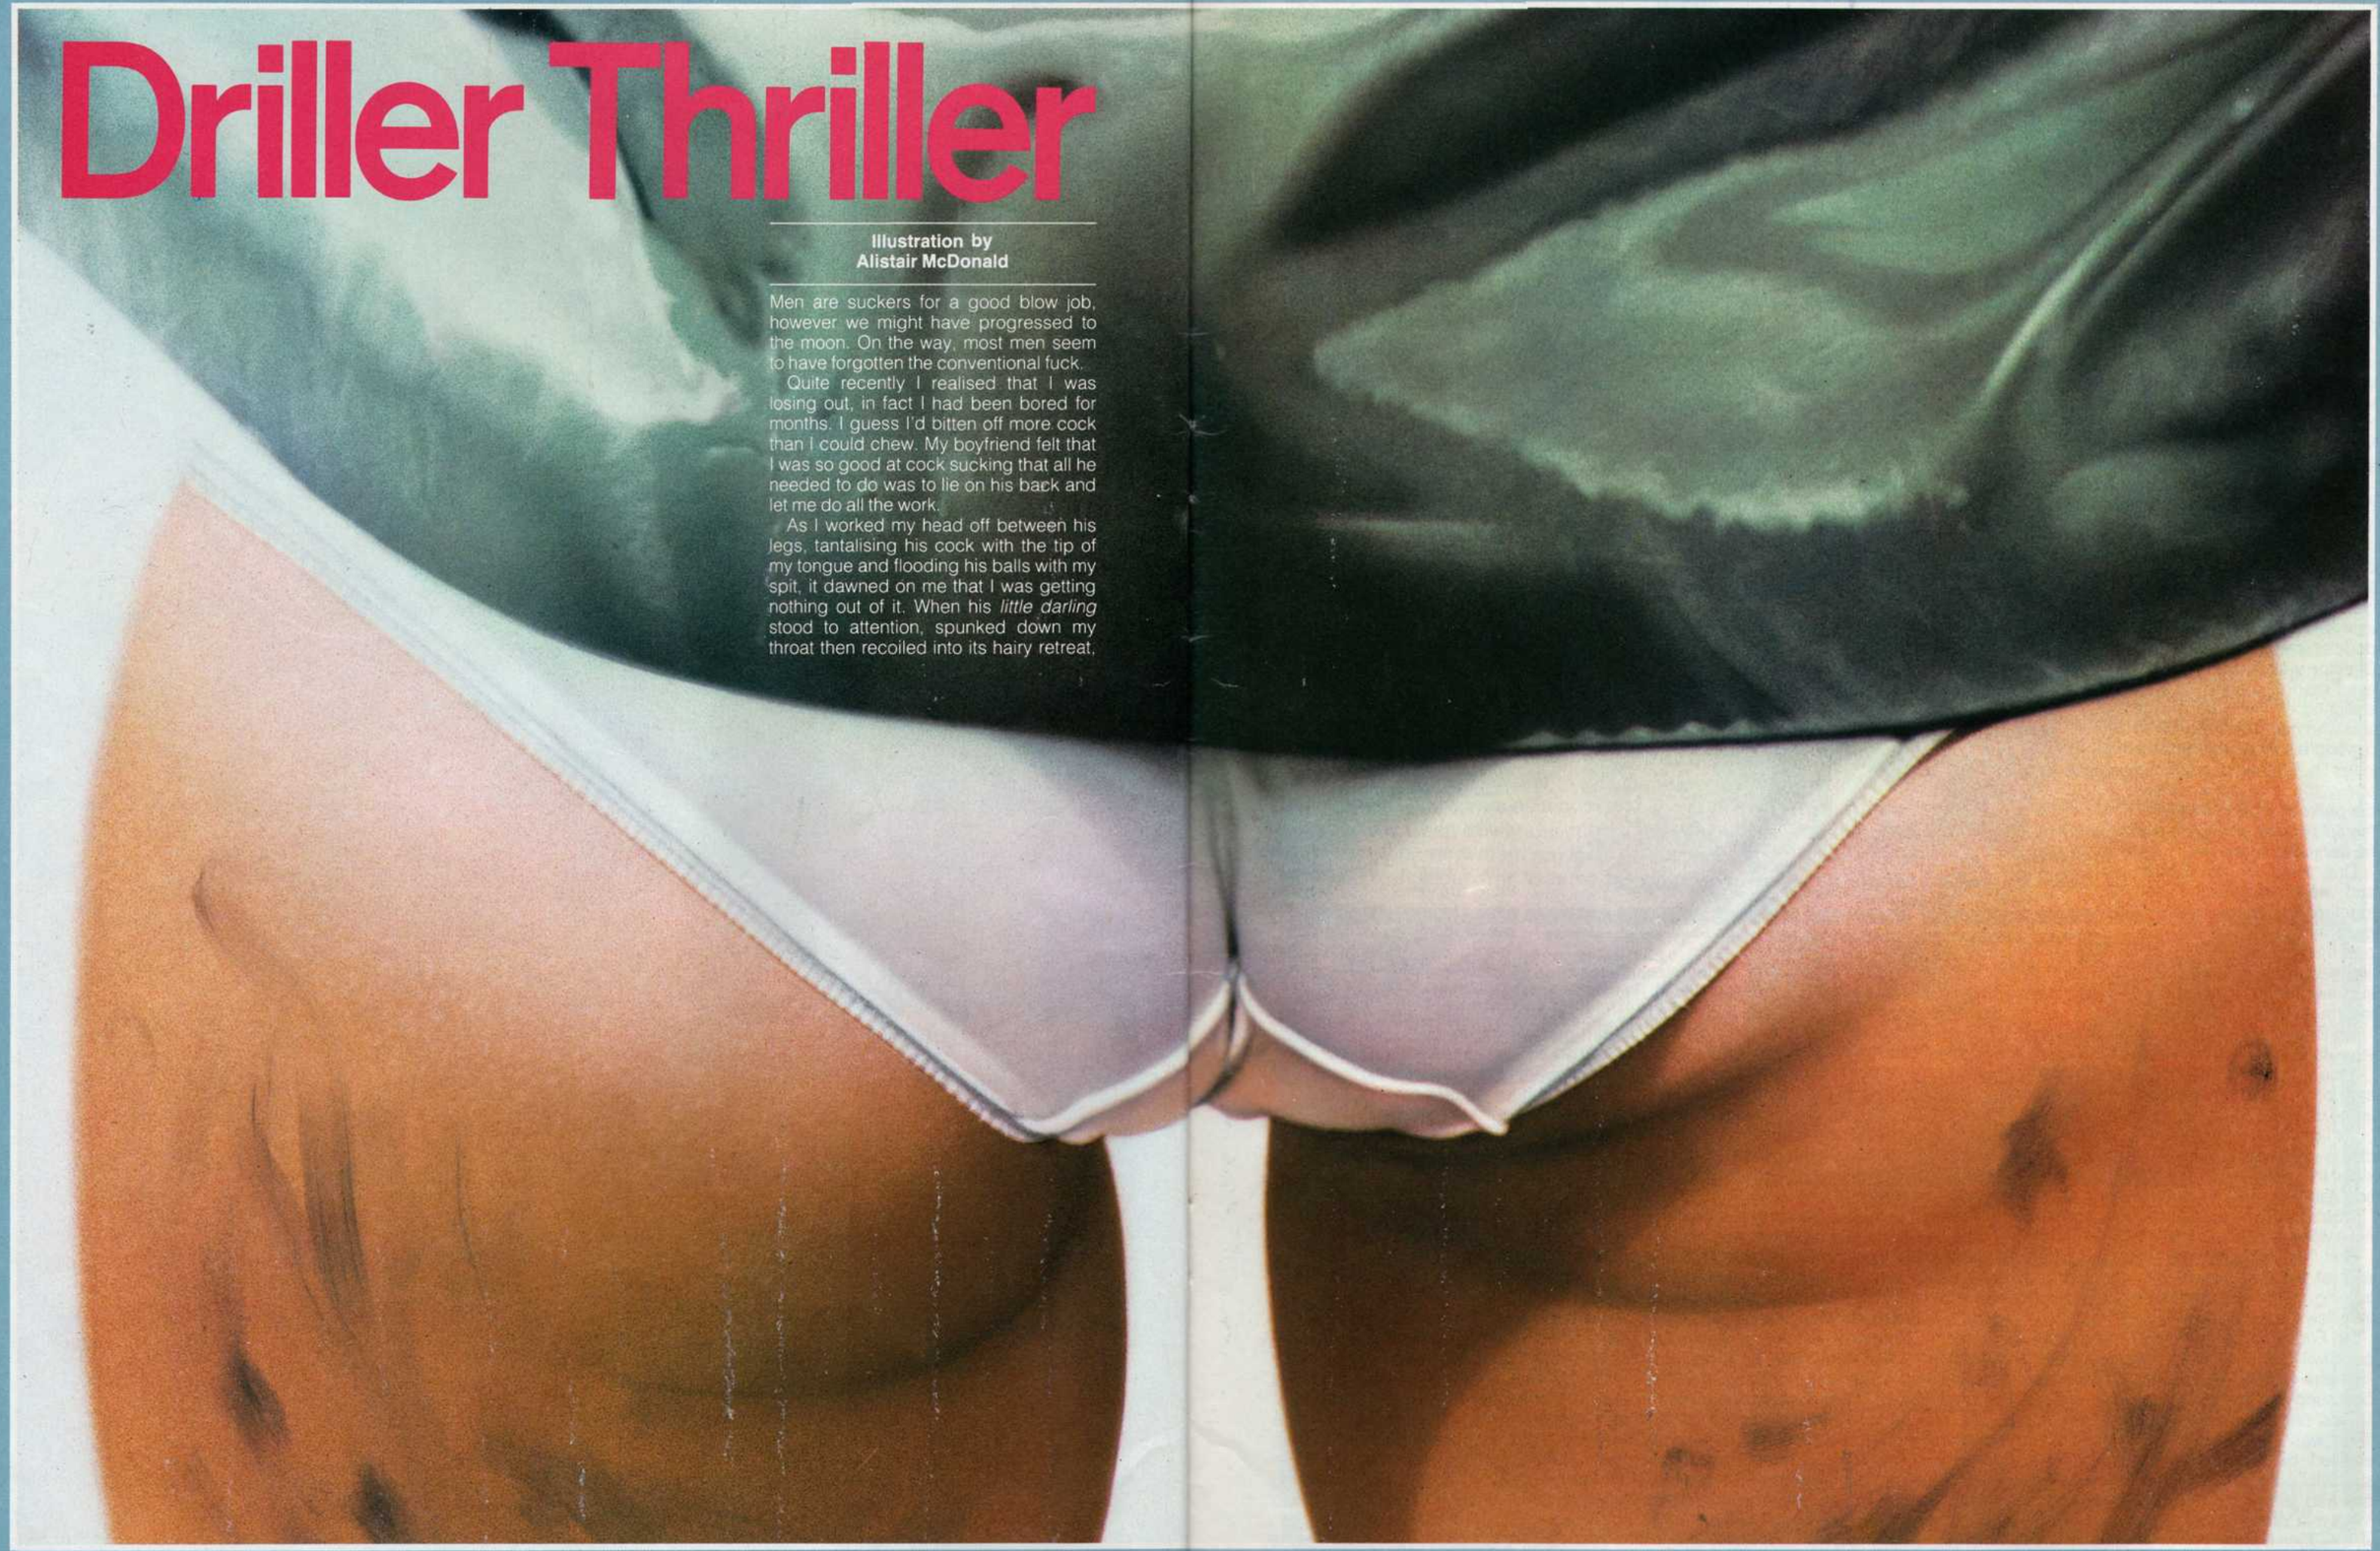
Men are suckers for a good blow job, however we might have progressed to the moon. On the way, most men seem to have forgotten the conventional fuck.

Quite recently I realised that I was losing out, in fact I had been bored for months. I guess I'd bitten off more cock than I could chew. My boyfriend felt that I was so good at cock sucking that all he needed to do was to lie on his back and let me do all the work.

As I worked my head off between his legs, tantalising his cock with the tip of my tongue and flooding his balls with my spit, it dawned on me that I was getting nothing out of it. When his *little darling* stood to attention, spunked down my throat then recoiled into its hairy retreat.



# ONE IMAGINES THAT YOU COULD SCREW THE ARSE OFF THE WHOLE TEAM OUT THERE

it was all over for me.

To rub it in, I normally suffered a mild attack of lock-jaw, which sent me to the kitchen for a cup of tea. Over a bubbling kettle, I could feel my own hot spunky juice lubricating my cunt. My quim ached like a festering sore, while my cunt lips opened and closed like the jaws of a shark!

Then I saw it – the advertisement was in bold print. The Company was American and what they wanted was a *Girl Friday* for one of the oil rigs just off the coast of Norway. A quick telephone call to the Personnel Department and I had an interview lined up. That was a doddle, since the Personnel Director was a sexy, green-eyed man of around 53 who stationed his eye's on my tits and who had the odd habit of running his tongue across his lower lip. After he had told me about the incredible salary, the perks of the job and other morsels of information, I knew he wanted to screw me.

One thing led to another and we ended up in bed together that same night. It must have been around half-past three in the morning after we had locked our sweating torsos in sublime sexual union at least three times, that he lay back and lit a cigarette.

He looked at me and smiled. I knew the job was mine.

'One imagines that you could screw the arse off the whole team out there and still come up smiling.'

As I fondled his balls, he told me that one of the rigs was causing a lot of trouble, since the men were working round the clock and needing some kind of relaxation.

'You're sure it's a girl Friday you want and not a whore?'

Bret then explained the rather unsavoury part of the job, which was the rigorous training I would have to go through before they flew me out to 'Johnny Four'.

On Friday of the following week, I would be flown out to Norway for three week's intensive training. During this time I would be tossed into the North Sea with a survival kit and two other trainees; aside from this there was the tunnel to go through. This entailed being locked in the hold of a specially prepared ship, the idea was that one had to find the way out – bearing in mind that one was in a wet suit complete with oxygen bottle!

It all sounded very daring and for a thousand dollars a week, tax free I was prepared to do almost anything. Rod my steady was appalled by the idea, but he was a lazy lover and I'd come to the end with him. Probably because I was so good at cock sucking, Rod had forgotten what a fuck was. As for me, well I liked a good hard cock in my cunt, plenty of thrusting movements, and those dreamy vaginal orgasms that send a woman reeling into space.

Working on an oil rig with sixteen or twenty frustrated guys was a beautiful idea. Yes, I wanted to be fucked, but I also wanted the starters, the tasty bits, then the meat, a thick hard sausage and plenty of gravy to go with it! Many of my girlfriends agreed that they, too, were missing out. So when I left for Norway the following month, I was looking forward to a spate of non-stop love. I longed for the stop and start, the tease and the tickle, the lickin' and the lappin', and of course the fucking!

The training was exhausting. Fortunately, I was a good strong swimmer and had no trouble passing most of the tests. The only one I blew was the tunnel experience. I'd done a fair amount of scuba diving, and didn't find the oxygen too much of a problem. However, as for a sense of direction – I had none. Had it not been for the training supervisor fancying me like crazy, I may well have flunked my chances.

As luck would have it I passed all the initial training and was soon on my way out to 'Johnny Four'. There were 22 drillers on the rig the day I landed and from the way most of them looked at me when I stepped out of the helicopter, they seemed more interested in drilling me than the well!

They were all hardened drillers, who earnt every penny of their money. The shifts they worked meant that after three weeks on duty, they just wanted to get their rocks off in some bar, blow their money during the two weeks they were on leave, then get back for another three weeks of Hell.

The living quarters were small and aside from the actual drilling crew there were two chef's and Marbeya! Yes another woman, if you could call her that.

Marbeya was a gorky, six-foot South African chic with long, blonde hair that was scragged back in a pony-tail. What little tit she had was well hidden and from behind, without the hank of blonde hair, she could have been a guy.

We introduced ourselves and Marbeya showed me to my quarters, which were next door to hers. After introducing me to the head crewman, the chef and six of the drillers who were gobbling down their food in the canteen, I realised that I was in for a bumpy ride. What little Marbeya said about the crew was very detrimental, later, while I was unpacking, I couldn't figure out whether she was a lesbian or just a pure man-hater. If that was the case, I wondered what she was doing out in the middle of the North Sea with 20 or so men to look after.

Marbeya was responsible for all their needs (well not quite all). Laundry, food, post, cinema, post, first aid, you name it, she did it – but from what little I knew of her, I doubted very much if she even knew what a fuck was!

Just to put you in the picture, every rig is run with the utmost safety. Twice a week there are emergency runs in case of fire or other hazards, but according to Marbeya, this rig was unsinkable! I later discovered she had been working rigs for seven years, aside from knowing her job, she seemed completely fearless. As for me, well I had nothing to lose. I wasn't exactly crazy about living on a tight-rope, but I kept the money and the sight of those brawny bastards out there in mind and just hoped I would be able to service them!

My duties as a chamber-maid-come-stock checker were easy. After two days, I realised it was money for jam.

The men on the rig were a mixed bunch. Inevitably, many of them were loud, crude and fuck happy. Every time I set eyes on one of the riggers, the muscles in my thighs seemed to quiver at the sight of their strong, virile, masculine malehood. I knew that within the first two weeks of my being on the rig, I would go through at least six of them.

The head rigger was a man of about forty – Brady was afraid of nothing and had survived one or two nasty accidents. Most of the men who worked on his team had the deepest admiration for him. Lookswise he resembled Gene Hackman, with the voice of Marlon Brando. There was something incredibly fascinating about his broad

## 'Me? Meet someone through a computer? I meet people at work, through friends...' I thought. But did I?

How many new people had I met in the last year? Very few... and those weren't in any way special. Dateline said if I completed their **Free Matching Test,** their computer would search through the personality profiles of tens of thousands of other Dateline members to find someone who was right for me. Then if I wanted, the Dateline computer would run for one year to introduce me to as many people as I would like to meet. Many would be living in my area; people with whom I'd have a lot in common... someone my own age... who liked the same things I liked... to go to the places I wanted to go... had similar interests. Someone who I'd really like to meet... who would would like to meet me. And they did!

## How long has this been going on?

14 years ago Dateline introduced this new concept into the lives of millions of single men and women. Now they are more in demand than ever, and are happy that they have helped so many people, not just through love and marriage, though their success rate is high, but simply through giving people like me the chance to meet and expand their social lives. **If you would like to see how it could work for you...**

# HI, I'M CANDY

***Candy Samples*, the *grande dame* of American porn, has been hired by *Club International* to deal with readers' sexual and emotional problems – in her own big-hearted, big-chested fashion! More renowned for flashing her incredible 54-inch tits in skin mags and doing unspeakable things on stag loops than putting pen to paper, Candy is capable of turning her hand to more than hard cocks.**

*Hi Candy:* I recently completed a four-year prison sentence, during which time I became acquainted with your series in *Club International*, though I have to admit I was more interested in the way you looked than in what you had to say! Prior to my incarceration I enjoyed a highly active sex life, and I generally had two – and at times three girlfriends on the go. For reasons best known to Himself, God chose to make me a pretty highly-sexed guy, and deprivation was the one aspect of imprisonment I feared I'd be unable to take in my stride, because when you're sharing a cell with two or three guys, you don't get much of a chance for any sexual relief, unless, of course, you're a fag. For most of the two and a half years I served, I was horny as hell, dreaming of the day I'd come out and of the ball-busting sex scenes I'd get into. My two closest girlfriends had become friendly in my absence, and as a special coming-out treat they wrote and promised me a kinky threesome, describing in explicit detail exactly what delights they had in store! I suppose they both thought a freshly-released prisoner would make for a positively terrific fuck, but I'm afraid I disappointed them. Furthermore, my sex life has never fully reassumed its former glory, and my energy drive pattern has become very patchy. Sometimes I just don't feel like it, other times I get so worked up I come my wad in just a couple of minutes. I'm 35 years old, fit, and I've been out for three months, but I'm not the red-hot poker I used to be. What's gone wrong?

*Bill G, Bristol.*

*It sounds to me that you'd have been a whole lot better off if you'd been able to totally divorce your mind from sex during the term of your imprisonment. Sexual deprivation – more than a form of mere anxiety and frustration – gradually evolves into a form of stress. The frustration you now feel is a direct consequence of this stress, and your mind and body will continue to run slightly out of synch for a few weeks yet. It's a gradual healing process – just be patient and let the wound heal naturally.* Candy.

*Hi Candy:* The 'problem' I am about to describe is far from being your typical sex hang-up, by no means typical of the sort of thing a guy might experience on an average Saturday night sex romp. One night, after drinking up in the West End with a handful of colleagues, we went to a blue film club. Just like the film with George C Scott in it, I suddenly recognised on the screen, not my daughter, but my wife. She was very young (late teens), so the film was obviously made way before we met. But it was clearly her, and she was clearly enjoying the things that were being done to her – being dildoed, finger fucked, eaten out and fucked half senseless by two big blacks. Well, I met my wife when she was twenty five. We fell in love straight away and, while our sex life has always been beautifully fulfilling, we have never engaged in anything perverted or abnormal: no wife-swapping, no drugs, no unusual sex – just healthy, conventional intercourse and oral sex. I never questioned my wife about previous boyfriends, although I gather she'd had a 'few' but, dammit, I'd been no virgin either: I must have fucked 30 or so girls in my time. I want to confront her with the details of what I saw, though I still don't know whether to be shocked or really turned-on! However, some seventh sense tells me to write to you for advice before taking any rash steps which might damage a relationship I value very highly.

*Malcolm G. Rochester.*

*It's going to take a lot of strength for you to do what I think you should, but I really think you should put it right out of your mind, as in the Beatles'* Let It Be. *We're all of us different (and hopefully better) people than we were 10 or 20 years ago, and you should rise to the challenge by rising above it.* Candy.

*Hi Candy:* What is the exact female equivalent of the erect cock? one of my girlfriends describes it as a 'wet-on', which in her case is certainly an apt description. I only have to take her in my arms, kiss her, maybe fondle her jugs and run my hand along the inside of her thigh and the crotch of her panties is always soaking wet with her love juice. Another girl of mine says she always knows when she's hot for a guy when her clit starts to swell and chafe against her panties. Sometimes if she sees a guy she wants and can't have – like in a restaurant – she goes to the ladies toilet and rubs off by tugging her pantie crotch up between her labia and over her hard little clit. Incidentally, I've discovered a means of telling when a girl is enjoying being fucked and getting ready to come: next time your male readers are fucking their girls from behind, watch their bumholes, fellas! Because when they start to come their arseholes always flex. It's incredibly exciting to watch and feel, because when they flex their arseholes they simultaneously take a tighter grip on your cock with their cunt muscles.

*Gary R, Glasgow.*

*Enough of this esoteric medical jargon, young man. The female 'equivalent' of the erection is a swelling of the clitoris (which sometimes becomes visible beneath its hood), a slight vaginal dilation and the secretion of mucus by the Bartholins Gland, situated at the top of the labia minora. Arseholes? They say it takes one to know one . . .* Candy.

*Hi Candy:* My name is Don, I'm 34 years of age and I work as a maintenance electrician for a large television and video rentals outfit. One of the problems of sophisticated equipment hire for domestic use is that the very basics of the 'new technology' tend to be lost on the average consumer, so guys like me tend to be called out to fix a 'broken' VCR which simply needs tuning properly, or at worst a new fuse. I had a classic – if not typical – case just recently: a young lady phoned in to say her TV picture was 'fuzzy' and that if I didn't get my arse around to her flat within the hour, she'd return both TV and VCR. She answered the door in her nightdress (it was three in the afternoon!) and showed me into her bedroom; all the blinds were down, the bed was unmade, and a strange, smokey, herbal smell hung in the air. Sure enough, the TV reception was an indiscernible mass of pink and purple fuzz so I reached behind the machine and quickly tuned-in to a crystal-clear, perfectly-focussed picture – of a very large black man ('large' in every way), masturbating himself into the mouth of a young, big-busted blonde! The lady of the house was obviously a little stoned and had forgotten to remove the porno tape from the VCR – or at least replace it with something more innocuous. And she was very, very embarrassed. However, I assumed my nonchalant, man-of-the-world routine and – thinking quickly – offered to waive my call-out fee if she'd pour me a glass of wine and let me sit and watch porno for a half-hour. Well, one thing led to another as they say, and soon I was watching the tape with two fingers up this lovely chick's cunt and an eager mouth slobbering over my cock. I don't know whether any of your readers have ever fucked while watching porno, but it's a real turn-on, so much so that I shot my lot a whole lot sooner than I'd have liked. Anyhow, I'm pleased to report to my favourite magazine that I'm now called out on 'service calls' by this sex-crazy little cock-sucker at least twice a week.

*Jimmy, Southend.*

*So that's why you guys are never available when my TV set goes wrong!* Candy.

*Hi Candy:* My boyfriend is a really bad influence, because he gets me doing all these dirty, despicable things that a nice girl would never *dream* of doing, like suck on his cock, take dirty photos of him fucking my girlfriend, use a cucumber on myself while he wanks off into my mouth . . . yes, we have an absolutely *amazing* time together! As a boobs-orientated lady, Candy, let me tell you an interesting thing. My boyfriend really annoyed me once by cutting small holes in the cups of my three best French brassieres, the idea being to have my nipples show through and thus turn him on.

'This is all very well', I explained to him 'but I wear a bra for other reasons than to turn *you* on!' I was really furious that he'd decimated my clothing simply for his own sexual gratification, but he was adamant that, with my nipples exposed, my breasts would look far better under a shirt or a 'thin sweater', in addition to which he insisted I'd be sexually turned-on all the time I wore his 'modified' bras! Well, he was right on the first count; I wore a 'decupitated' bra underneath a silk shirt to a party, and my profile was, to say the least, appreciated by the male guests. My nipples also responded favourably to the contact with the silk, and they were delightfully erect all night long. However, a few days later I wore the same bra to work underneath an angora sweater, and while I was really turned-on for the first hour or two, my sensual pleasure soon turned to discomfort as the fine wool fibres began to chafe. Having since experimented with different fabrics, I am glad to be able to report that a sawn-off bra can comfortably – and erotically – be worn with silk, chiffon, satin, nylon and cotton.

*Sandy, Portsmouth*

*Hi Candy:* What is the best aphrodisiac available licitly or illicitly? There's a lot of talk these days about cocaine working wonders for a guy's staying powers. Then again, some folks swear by booze, others by grass or other merchandise.

*Roy, Charlton.*

*After a lifetime of (academic, she hastened to add!) research, I've come to the conclusion that just about anything can be an aphrodisiac, if you believe it to be one. If you're already feeling horny and you go get stoned on something, chances are you'll have a nice time; it's when you get stoned and then start playing around with sex that the disillusionment sets in. So let's try to dispel a few favourite fallacies concerning the alleged sexual propensities of drugs:*

*1. Coke. Taking cocaine to heighten sexual pleasure is rather like taking heroin to cure a headache. It may well make the notion of sex exciting, but it cannot be relied upon to contribute toward physical pleasure. For, far from increasing a guy's 'staying powers' (how many times have you heard that?), it can easily cause the penis to wilt shamefully or, conversely, to ejaculate prematurely. And there's no way you'll be able to turn over and go to sleep afterwards! Coke heads say that snorting for sex is nothing but a waste of good coke. I say it's plain desperate – the last hope for old men.*

*2. Grass. Seldom used – or advocated – by afficionados for sexual purposes, primarily because of its cerebral – as opposed to phyiscal – effects. The same certainly applies to all hallucinogens.*

*3. Alcohol. A central nervous system depressant, alcohol is a classic example of 'where the mind goes, the body is unable to follow' – leastways for the male of the species. It's fine for the female: all she has to do is lie there!*

*4. Smack/Speed. For the man who never wants another erection and whose kinks revolve around the fun things in life – constipation, abscesses, arthritis, cold turkey and premature ageing.* Candy.

*Hi Candy:* I'm 26 years of age, a secretary in a mining company. From 17 until 19, I was a teenage bride, but I learned so little from that unhappy experience, I guess it's best forgotten. For the past four years, whenever I've felt particularly horny, I've masturbated with an object – usually a vibrator, a banana, or a small cucumber. I have a particularly sensitive clitoris, a fact which was only drawn to my attention in recent months, when I had a brief affair with my boss – a delightfully energetic 50-year-old! He enjoyed taking his time to ball; he would withdraw his thick, sinewy cock almost completely, then thrust it in really deep, almost like he was stabbing me with it. This activated my clitoris like it has never been before. Harry (my boss), held a mirror for me to watch his cock going in and out, and I could see the hood of my clit moving to and fro. He had the ability to work me up to my climax really slow, until in the end I was digging it so much I actually passed out with pleasure on more than a few occasions! Even then, he would start on me again as soon as I was ready, turning me over on to my belly, spreading my thighs and fucking me even harder – I guess because he was turned on by the sight of my arse. Another thing which really inspired him was to fuck me as I sat in an armchair, with me dressed in nothing but a white suspender belt and a white rubber G-string, which Harry bought in a sex shop (he loved to see my pussy meat bulge through the thin rubber – once he even whacked off over it, leaving his cum to trickle down my crotch and over my thighs). He would get right in tight between my thighs, staring at my box, as he thrust his hairy dick slowly in and out, until I was begging him to speed up and fill me with his cum. Now that I'm without a regular boyfriend (a situation I don't intend to stick with for too long), I find I can give myself this self-same pleasure, using a cucumber and some KY. Once I even let a girlfriend do it with her hand – but that's not something I particularly want to crow about, being a cock lady first and foremost.

*Betty, Aberdeen.*

*Hi Candy:* I've got to say right from the start that I think your readers are a real prissy crowd – egotistical, guilt-ridden, latently homosexual, or just plain sick! And when they experience a slightly unusual sexual happening, they write and tell you, like it was something really outrageous that they figure the world should know about! Let me tell you, the sort of sex scenes my boyfriend and I are into would make your readers' hair curl. Firstly, it's very rare for us to spend a night together in bed; we both prefer a third (occasionally, a fourth), party in between the sheets with us. I used to get jealous, having threesomes with another chick, but now that I'm experienced (or at least as experienced as it's humanly possible for a 20-year-old to be), I'm secure in the knowledge that I can out-fuck most any other chick. When my boyfriend brings a strange guy home with him, I get really excited: I just love it when I've got a cock in my mouth and another in my snatch! However, neither of us are into impromptu sex scenes. We're young, attractive, *very* highly-sexed, and we're into sex for the biggest thrills we can get. For example, only two weeks after we met we were accepted by *Color Climax Corporation* in Copenhagen for a hardcore movie and stills shoot, and we were thrilled with the results. Every inch of my cunt mouth was filmed being stuffed with cocks, hands, bottles, dildoes and tongues. Day after day we went back on to that studio lot to fuck ourselves senseless, and on one memorable occasion I serviced four guys (including my regular lover) at once, finishing off literally dripping with cum. At the time of writing, we're receiving offers from several porno outfits, all of which we're considering. Meanwhile, we're into home

videos in a big way. A really weird punk girlfriend of mine comes to the flat dressed from head to foot in rubber, and really gets her rocks off filming us fucking and sucking. Usually she joins in the fun, bringing with her all kinds of dildos and strange sexual appliances which we try out, one by one. Right now we're into big rubber double dildoes, which we both take right to the hilt. When we're fully impaled, my boyfriend likes to wank-off over us, or maybe frig us to orgasm with his fingers. He certainly looks ridiculous, walking around the bedroom with a hard-on, struggling under the weight of a video camera, but he's got a sense of humour. Mind you, he's deadly serious about his latest proposition, which I'm really hot to try out: he wants to strip me, tie me up in some really indecent position, then go to the local and bring back about six low-life guys and have them do what they want with me, even encouraging them to do dirty things. Just thinking about this makes my panties wet and my pussy hang open in anticipation.

*Judy, Stevenage.*

*The curious sort of 'dirtier than thou' elitism so neatly typified by your letter really has me baffled. Sure, it seems like you and your man have a riot of a time between the sheets, and I'm happy for you both, but if you've been following my* Hi Candy *column, how the hell can you dismiss my readers as being 'a real prissy crowd'? Maybe some of them have their hang-ups, which is hardly surprising if the women in their lives are as sexually voracious as yourself! Finally, might I be so bold as to venture a word of warning about your guy's latest proposition? I don't know what sort of guys frequent the bars of Stevenage, but some of the freaks you get in the bars where I live are so heavy I wouldn't let them within 20 yards of my dog . . .* Candy.

*Hi Candy:* I'm what you'd call a real bad sport, because I'm really into female athletes from a sexual point of view – not so much the big, butch shot-putters and javelin throwers as the superfit track athletes and high/long jumpers. I've made a thorough study of them (having discounted the obvious dykes), and I know who I'll be looking out for at LA, including almost the entire England team, along with Denmark, Finland and Sweden. What excites me about female athletes is the way that rigorous training clashes with natural femininity: they never seem quite able to lose those sensuous curves, and no amount of gym workouts and sauna therapy seems to effectively counteract a full bust or a curvy, un-gymnastic bum. Chances are the majority of *CI* readers are turned-off by the athletics-induced 'amazon'-type physique, but I find it quite a turn-on. Come LA, I'll be fantasising on fucking their tight little arses off as they crouch on their starting blocks, or bend over to tie their shoes or massage their calves. Those tight, short, satin shorts make me want to cream, and I've already seen several girls in training wearing skin-tight spandex catsuits, which are apparently unbeatable in terms of slipstream advantage. They're also unbeatable for sheer whack-off appeal.

*Peter, Middlesbrough*

*Sometimes a letter comes my way that's just plain tacky – and yours is one such example! Here we have the world's best athletes, all of whom have given up the easy life to train for their countries and to visit LA to take on the world's best, to hopefully return home with a medal (and not a penny profit) – and the only way it grabs you is to reach for the TV and whack your weenie over the cut of their running shorts! If I had my way I'd have no qualms whatever about throwing the likes of you to the East German female discus-throwing contingent.* Candy.

*'Mr Medlar! If you're not off this chair by the time I count to five thousand, I'm going to be very cross!'*

*Hi Candy:* Some of the guys who write to you have such far out kinks, I guess it must be hard for them to find a girl who's willing to play along. Maybe at 40 years of age, I'm missing the point, however: it could well be that the young girls of today are even more perverted than the guys. I'm writing to you to tell you about my little kink which, while far from being disgusting or even antisocial, is nevertheless one I'm loathe to tell any girls about, in case they laugh at me. You see. I've always enjoyed wearing wet clothes, cotton sweatshirts and tight denim jeans being my all-time favourites, although nylon and silk are every bit as sensual. Thus attired. I like to stand underneath the shower and wank off as I run my spare hand over my wet garments. Sometimes, ideally on a Summer evening. I drive to a nearby park and swim, fully clothed, in a lake. Then, after nightfall, (having kept myself warm by sitting in the car with the heater on), I return to the water's edge on a particularly muddy part of the shore, where I lie half submerged and whack myself of, revelling in the mud and jism that mingles on my jeans or the front of my shirt. Once I became so obsessive about my water hang-up that I hired a pro – a really desperate street creature who was even older than me – to come to my flat and get into some watersports. Strangely enough, she seemed genuinely turned-on by the sight of me in saturated clothes and, much to my delight, got into my bath with all her clothes on. There followed a pretty outrageous half-hour: she spread her legs, lifted her skirt right up and pulled her panties aside, holding her beaver open and splashing water right into it. She then masturbated with a bar of soap, urinated in the water, and actually sucked the wet bulge in my jeans as I stood beside her. As the bath was full of clean water, she had no objection to my passing water over her clothes and into her gaping snatch, and many times since I've masturbated over my recollection of this raunchy – but essentially wet – night.

*Allen, Peterlee.*

*I guess letters like yours are little but a source of entertainment to the majority of my readers, but I am nevertheless saddened by the loneliness you are obviously encountering – though I have my doubts as to whether it's* completely *attributable to your water fetish – which isn't uncommon among females. It seems to me that your priority is to get a girl first, and then think about total sexual compatability.* Candy. ♣

### Traffic Violation

*Sir:* Last year I received a short prison term. I was inside for almost three months, and as each, agonisingly slow, day of my sentence passed, so I became hornier and hornier. Just prior to my arrest, I'd met up with a simply gorgeous girl. You know how it is when you meet someone like that: all you both want to do is stay in bed and forget the world, fucking and sucking non-stop and trying out all kinds of new things. Well, the thought of this peach of a girl haunted me for every day of my sentence. As I lay in my bunk after working all day in the workshop or on the farm, I'd think of Carole, naked but for her favourite, frilly, black suspender belt, posturing in front of me and doing the dirtiest things to herself – just like she'd willingly do if I were free. The other guys in the block used to laugh and call me 'Hard-On Harry' because of the bulge in my jeans, but when Carole came to visit me one day, the laughter turned to envy.

Carole arrived at the jail wearing a long coat, but when she sat opposite me she opened it up to reveal the shortest of short, tight, white leather miniskirts, worn with white stockings and a semi-transparent cream silk shirt. As she said when she saw me staring in disbelief: 'This should give you something to wank to when you're alone tonight.' It sure as hell did! The thought of Carole's plump little arse, with that skinny little strip of leather tight across it made me so randy, I went almost insane. All the way through her twice-monthly visits, she would regale me with the dirtiest talk you ever heard from a woman, saying how she missed my cock so much she had to fuck herself with vegetable marrows, how she wanted to do new things with me when I was released, like have me tie her up and smear KY Jelly over her tits and fuck her sweet plossy until the spunk was pouring out of her and running down her thighs; like invite a girlfriend round to her place and hand-fuck her while I watched – or maybe fucked her mouth at the same time; like how she wanted me to bring my best mate George home, so that she could fuck him and act like a cheap whore with him while I watched; how she'd like to see if she could take two cocks in her pussy, or maybe one in her mouth and one in her cunt. I can't honestly say that Carole's visits did me any good!

Finally the day of my release came around, and I swear to God I had a hard-on hours before they opened those gates. Carole was there, sitting at the wheel of her beat-up Triumph, wearing some kind of a plastic raincoat, and as I opened the door and climbed in next to her she threw it open. Underneath she was as naked as the day she was born, and her skin was glistening like she was soaking wet: she'd covered herself from head to foot in baby oil!

On the drive home, my heart was going so fast I almost passed out several times. Carole was driving with the whole of my right hand buried in her slippery snatch, and every time we hit a bump in the road it went in deeper. But the most amazing thing was yet to happen. We managed to make it from the car to her bedroom without stopping to fornicate in the road, on the front lawn or

the staircase (!), but by now my excitement had reached a colossal fever pitch. Carole slipped off her coat and frenziedly unzipped my strides, but as she lifted my cock from my shorts the cum started to shoot uncontrollably – in long, white streaks – over her hand, face and tits. Carole went crazy, lapping it up, cupping some in her hand and shoving it up her cunt and bending over to smear it over her tight arsehole. Normally I can string-out a fuck for 10 or even 15 minutes, but never in my life had I been guilty of premature ejaculation. I guess it was just that I was carried away by the excitement of it all.

Not that my erection subsided one little scrap. Having lost my first load, my balls were quick to recharge. I'll never forget the look on Carole's face when, greasing my hard-on with Vaseline, I said to her: 'You'd better get ready for this, Honey, 'cos I'm going to fuck you so hard and so deep and so long you're going to have my baby.' She made like to whimper as I threw her on to the bed and prised open the cheeks of her arse really brutally, shoving my cock hard into her box – right the way to the hilt – without pausing for any kind of foreplay.

She groaned as I banged it up her, and the sight of her purple inner-lips being sucked out each time I withdrew made

# I COULD SEE THE DAY YOU ARRIVED WHAT YOU WANTED – AM I THE FIRST?

*continued from page 18*

Texas accent that was linked with the soft Brando touch. Each time we met I tried to picture him naked. He was, of course, the first one to sneak into my room, although on reflection, there was nothing sneaky about his approach.

I had finished my shift early that day and retired to my cabin to write some letters, having promised friends and lovers that I would keep in touch. It was well past 12 when the door burst open as though Brady had put his boot through it.

As he moved toward the bed, it was evident that he wanted only one thing – a good hard fuck. There was no messing about with Brady. The sheets were drawn back and he was bearing down onto me with his zip unfastened and his hairless, mauve cock half erect. The smell of Southern Comfort oozed from his body, while his broad fingers jerked and twiddled my nipples till I thought he was going to screw them off. In reality it was disgusting, yet it was the first conventional fuck I'd had in years and it felt good!

He paid no importance to foreplay, he burped loudly as he pushed his erect cock into my vagina . . .

'Feels good, doesn't it honey? I could see the day you arrived what you wanted – am I the first?'

I found it exceptionally easy to be nice to Brady. Perhaps I was grateful that he had made the first move. I whispered a handful of sweet nothings in his ear, then started to concentrate on taking my own pleasure. It wasn't easy at first since he was such an enormous man, but somehow I managed to wriggle my arse into the right position, then raise my legs right up into the air. His thrust was deep and powerful, in fact he handled his fucking in the same professional way he handled the big drill. Using his knees to support himself, he began to draw in and out, the squelching noise from between my legs was turning us both on.

The first time we made it, he was mounted right on top of me, his thighs pressing against my rounded thighs, as we glued ourselves together with the lubrication of love, our muscles and nerves straining to exact the ultimate sensations from each other.

When my orgasms were imminent, I began to moan, my fingers tearing at his shirt collar, my breasts pushing up into his and my pussy juicing up like a 'well' that was about to explode. In that same moment, Brady decided to spunk. It was almost telepathic, for he knew exactly when and how I wanted to be fucked. When we both gave a moan of ecstatic completion, I brought every muscle of my sexual apparatus into play, kneeding and caressing and over-powering him in an all out effort to drain and subdue this huge bull of a man.

Our fast breathing turned into a rasping moan as though someone were dying. Then his prick dangled on my left leg for a second as we both bathed in the pool of sweat that even the air conditioning could not disperse. We were good together and we both knew it.

'I guess you'll go through the crew, but at least I was the first.'

He fell asleep in my arms like a baby, I too slept soundly until I heard my alarm, when I realised it was time to get up – Brady of course had long gone.

The following day the wind was howling and I was beginning to experience some of the dreadful weather Marbeya had warned me about. It seemed as though the rig was shifting and sliding across the sea, but in fact it wasn't. I was scared out of my life, but then so were some of the oilmen.

It was only Brady's comforting words that kept me from going out of my mind. Although alcohol was forbidden, Brady seemed to have his own secret supply. I was amazed when he told me to down a huge glass of the Southern Comfort. Nobody worked that day, most of the men watched the films in the cinema while others wrote letters and played cards.

It must have been around three-thirty when I eventually went back to my room. I had hoped for a quiet afternoon but as I opened the door of my cabin, sitting on the bed were three of the oilmen I'd seen in the restaurant.

'There's only one thing to do on a rainy afternoon lady.'

I knew them vaguely by name, having cleaned out their rooms. Rusty was from Baltimore, married with two kids, Archy came from Chicago, while Josef was the only Norwegian on the rig. He was, in fact, the radio operator, but stood in for two of the engineers when it was necessary.

With a head full of Southern Comfort and a distinct itch between my legs, I fell across the bed and stared at them.

'If Brady finds out he'll skin the lot of us.' Archy looked concerned.

I slid out of my clothes, they were the answer to my wildest dreams. After all, how many nights had I wasted, cock-sucking Rod and getting nothing out of it? Now I was about to be taken by three of the most delicious specimens on the rig. My pussy winked a nod of expectation as I prostrated myself on the bed.

'Let's get verticle folks,' screamed Rusty as he crashed down on to the bed.

It wasn't difficult knowing where to start. Harsh masculine hands were caressing my skin and bones as though I was made of clay.

'Hey let me have a tit, for Christ's sake,' Rusty and Archy did their fair share of tit squeezing before Rusty pushed Archy off and began to suck my right nipple. His teeth were cruel and lusty, while his hands fiddled and played with my pussy until I felt it open like an oyster. Oh, he wanted it alright, and before anyone else had a chance to do anything he was on top of me. At this point Josef stood up and pulled his erect penis from his trousers. He couldn't contain himself and just stood there wanking himself off, until a gush of white sperm shot across the floor and landed in a puddle by the bedside table.

'Piss off with you Josef, go and wank on your own.'

I heard the door shut quietly and at the same moment felt the deep penetrating thrust of Rusty's prick as it slid into place. My whole body began to throb, all those wasted years, I thought, as he pumped and pushed into me until he came. It was as though I was in the sex olympics. Both the men I had been fucked by had been tense and afraid. Whether it was the motherly side of my personality coming out or pure feminine instinct to shelter them from the storm, I'll never know.

What I did realise, as one slid off on to the floor and the other one took his place, was the fact that I'd have made a very good

# CELEBRITY INDISCRETIONS

*The slim and sensual lady in Clint Eastwood's life for some while now, has a raw sexuality which these classic shots demonstrate for all serious Celebrity Nude Collectors. It's doubtful if the enormously wealthy Sondra will ever be showing us anything more enticing than a pout in the foreseeable future. Any guy with a camera trying to steal similar shots at Sondra's bedroom window would likely find himself using the barrel of a 44 Magnum as a dildo. Be warned.* ♣

# LOWERING MYSELF OVER HIM I CAREFULLY RIMMED HIS PRICK UNTIL IT BEGAN TO BREATHE AGAIN

*continued from page 56*

whore. The more sex I had, the more I wanted, my whole body seemed to respond like a machine that welcomed it's work. I was alive again, my chemicals were working, my quim was no longer tense and strained and my vagina now felt as though it was part of me and not just an orifice which occasionally throbbed to be filled.

Archy was a hapless little sod who appeared to have little or no experience with women. He did just about everything to annoy rather than excite. Instead of being definite in his movements he fumbled and fiddled, in fact reminded me of Rod. Had I not been so tired, I think I might have blown him, instead I just lay back and hoped he would get it over with as soon as possible.

By six o'clock that evening, the wind had settled and I was alone again in my cabin. I felt too tired to read, too happy to write anything sensible and far too excited to sleep. Although my eyes were closed, I could hear Marbeya in the next room, I pushed my ear to the wall and listened to see if she was entertaining or fucking anyone. The noise which echoed through the wall was certainly interesting. As I listened, I wondered what the hell she was doing in there on her own, since I could vaguely hear a rather strange moaning sound, just as though she were in ecstasy.

Instinct convinced me that she was either masturbating or entertaining one of the crew. Beyond these two thoughts, I guessed that maybe she was listening to one of those kinky tapes I'd seen in the crew room.

There is nothing more curious than a female. As I closed the cabin door shut, the sudden roar of the wind made me jump, almost throwing me against the door of her cabin. Kneeling down, I peered through the keyhole, but as the rig lurched under the strain of the wind, the door burst open and I found myself crouching beside her bed.

To my amazement, there was no look of astonishment on her contorted face, nor did she refrain from the slow lethargic stroking movements. Instead, she parted her long sinewy legs, exposing the soft mound of black pubic hair, with her index finger and thumb. Sliding across the floor, I closed the door then leaned against it. Far from being inhibited, she was actually enjoying me looking at the skill and experienced fingers as they danced across her quim, then darted in and out of her vagina.

As she began to get more and more excited, I noticed her left hand suddenly caressing her breasts and those boney hips pushing themselves deeper and deeper into the mattress. Our eyes met and I knew she wanted me to participate in her scene, but I'd never had a woman and certainly couldn't have fucked her, not even for money or curiosity.

Her orgasm was short and sharp, at one point I thought her legs would reach out and drag me into the orgasm that rocketed through her body. Gripping her bosom with one hand and pushing her four fingers into her vagina, she rolled and reeled across the bed until both hands slid down by her sides, then she grabbed hold of the sheets and began to shake uncontrollably. To my surprise I found it all rather beautiful; as she closed her eyes I slipped quietly out of the room and walked down the steel plated corridor towards the restaurant.

It was empty, save for one of the apprentice riggers, a young man who, out of the whole crew, had never given me a second glance. Brady told me he was a raw recruit and that there was no way he'd make the first six months.

He had a strange boyish face, with rosy cheeks, a long, almost Greecian nose and thick, blonde hair that seemed to grow in great clumps. He lit a cigarette, gathered the cards up and finished his mug of coffee.

'You're quite a lady, at least you're feminine which is more than one can say for that other thing.'

'What's your hang-up don't you like women?'

'Let's get it straight from the start lady – I'm only here for the money.'

We slipped back to his room half an hour later. Oh boy, was he embarrassed as I gently relieved him of his trousers. When he and I were quite naked I slowly pushed him down on to the bed and tried to block out the noise from above. Then I began to feel him, every soft curve, every sensuous virginal muscle, until at last my hands clasped his dick and I coaxed it into action.

At first he buried his head in my shoulders, his face lost amid my thick dark hair, while his hands made a few feeble attempts at stroking my tits.

Lowering myself over him I carefully rimmed his prick until it began to breathe again. As my licks quickened in pace, his belly movement rode up and down, I could hear him panting.

In a moment of absolute desperation, I turned my body around so that we were in the classical soixante-neuf position. To my pleasure, the virgin boy picked up the idea immediately, and quickly and in a fashion I had never known before began to probe my vagina with his tongue. The pleasure was so great I felt riveted to his mouth, just as though his lips were growing from my quim. He had attached his tongue to the very hub of my sexuality.

Of course he loved me in those moments, and I knew the real pleasure for him would be a straight fuck. We jockeyed for position, when the wrestling match was over and we had screwed one another we still wanted more. It was as if we were both insatiable – I guess the chemicals were right. I left him exhausted and I relaxed in my own cabin.

By the end of my first three week stint on Johnny Four I had fucked six or seven men. But when it was time to go on leave for two weeks I felt quite sad at leaving the rig.

As the helicopter pilot turned and smiled at me as we took off, I dared to return the gesture.

As the helicopter landed at the base, I took one look at the tall Norwegian pilot and knew that he would be the next casualty in my bed. At last I was really living, I thought, as the cold Northern hemisphere wind blew against my cheeks; as I walked towards the small airport terminal, the months and years of frustration I had suffered seemed a million miles away. ♣

# AFFECTIONATELY YOURS

**These pages are available for you to show off any object dear to your heart. We pay £25 for each entry, irrespective of the number of photographs, on receipt of an invoice or claim. We cannot guarantee return of pictures.**

Pussy is the delightful lady whose talents grace the opening positions in this month's *Affectionately Yours*, and the pictures are from A.

Above and left, three exciting shots from West Germany, featuring tantalizing, Teutonic Ute.

Our grateful thanks to Franco from Milano for sending us these shots of Silvana, his wife.

# AFFECTIONATELY YOURS

We are happy to present these pictures of the body of Nathalie from Chelmsford, snapped with love and affection by her husband Robert.

Above, a Welsh maid who prefers anonymity, but not for her charms.

Below, the luscious form of Susie from London N4.

# AFFECTIONATELY YOURS

Left and below, plumptious Patricia Dunne has sent us these shots, taken while on a camping expedition. She hopes to send more in the future.

Bottom of the page, a selection of snaps from Tony, featuring a lady who holds an affectionate spot in his heart, Carol from Notts.

Here we feature a Shropshire reader, who wants to remain nameless. She hopes her curves meet with approval.

# AFFECTIONATELY YOURS

Left, showing some neat headgear, a lady with no name, but a cute turn of shape.

Opposite page, four shots of Karen Cook, who tells us she enjoys being really laid back, and laid.

The blonde bombshell below was supplied by K Reynolds, but alas, we have no name for her, other than some we've just thought up.

me want to fuck her even harder. By the time I was ready to impregnate her, her cheeks were wobbling violently, and she was crying out for me to shoot as much cum into her as I could manage. It was the best fuck of my life.

Six months later, Carole's so big all I can do to bring her off is lap her pussy, all pert and gaping beneath her big belly. Right now I can't wait for the birth: naturally I'm looking forward to being a father, but I'm missing out on the pussy action a little too much for my liking. I'm going to confine my fucking activities to women: fucking with parking meters and other peoples' cars is totally unproductive!

*Peter A, Kilmarnock*

**Too Hot to Handle**

*Sir:* You've got to believe that I'm not writing this just for salacious kicks. I know you're not in the business of offering advice but, after having read what's happening to me, any comments you have would be more than welcome. Less than two years back I married a girl of 19, almost 20 years younger than me. She was (and still is) pretty, she's got a tremendous body, and she's so hot for sex it's unbelievable – the reason I married her and, by the same token, the reason my life is in so much turmoil right now.

The first six months or so of our marriage went just fine: she couldn't get enough of my cock! She was always coming home with sexy lingerie, always suggesting new, wild things to do together in bed – in fact, the only woman I've ever met who takes the initiative. Indeed, on

the face of things, the perfect wife: a lady at the dinner table, an absolutely disgusting, cocksucking whore in the bedroom! Unfortunately, things started to go wrong when my wife's whorishness began to exceed the realms of the bedroom. It wasn't the old story of coming home unexpectedly early from work and catching her. Oh no, nothing as cliched and old-fashioned as that from *my* wife. Sure, I came home early from work. There was female underwear strewn across our (unmade) bed and a vibrator on top of the bedside table, but even that failed to arouse my suspicions; I was merely amused that my wife had taken time off from her daily chores to relieve herself via a little masturbation and had omitted to conceal the evidence. Thus reassured, I got myself a beer from the fridge and flicked on the TV, to find it had been left switched through to the video channel. Puzzled to find an unmarked tape in the machine I rewound it and pressed the 'play' switch, and for the next 10 minutes watched, disbelievingly, an incredibly obscene home movie of a female I immediately recognised as my wife, participating in all manner of sex acts with a couple of debauched-looking guys. I should add that by 'sex acts' I'm not referring to mere fuck and suck. Those two Romeos had her tied to the bed – with her full and willing consent – face down, stuffing a couple of pillows under her hips to make her arse more accessible and then, after taking turns to eat her pussy and even her arse, proceeded (at her *insistence*) to beat her with wet towels, fuck her mouth and cunt, and stuff a big black rubber dildo into her cunt. Not content with this, they (all) proceeded to experiment with all kinds of sado-masochistic perversions, so heavy and disturbing to watch that I had to turn the machine off. Indeed, I was so revolted by what I saw, I cannot possibly bring myself to describe this awful videotape – even to *CI*.

When I confronted my wife with the tape, she wasn't in the slightest little bit fazed, trying to protect herself by saying she'd made the tape as a present, to turn me on! And when I refused to accept her explanation, she tried to worm her way out of it by sidling up next to me on the sofa, stroking my crotch and purring: 'Come on, darling, some things are best forgotten. How's about I give you a nice little blowjob?' Best forgotten, my arse! Although I wanted desperately to believe this 'indiscretion' to be an isolated incident, I've since come across evidence – some in the few days before writing this letter – to indicate that I've got nothing less than a pathological nymphomaniac on my hands. Yet in spite of this, I know for a fact that she loves me. She returns to the fold every night, and every time I accuse her of some new infidelity or other, she simply smothers me with kisses and, before I've time to protest, gets me so turned-on that my anger just melts away.

I love my wife dearly, in spite of the way she's treating me. She'd like nothing more than for me to get involved in something like orgies or wife-swapping, so that she could fuck herself senseless with every Tom, Dick or Harry and not be answerable to me. But, much as I enjoy sex, I could never bring myself to participate in weird scenes (I once went to a 'party' where a naked guy had himself tied to a stair rail and was beaten with whips by two vicious, leather-clad women, and the sight of his wounds made me physically sick). Everything points to the fact that, with my wife, I have simply taken on more than I can handle. Funnily enough, I feel a whole lot better having written you and described my problems, but if there's anything you could offer by way of help or advice I'd be extremely grateful.

*Peter Y, Newcastle.*

*Though we sympathise, it's really not for us to say: 'Yeah, go on, divorce the slut!' – though it would appear you have indeed 'taken on too much'. If you manage to keep your marriage intact in spite of all this, in a couple of years you might find that your (still very) young bride will gradually come 'off heat' and feel more inclined to settle into a normal sexual relationship, with you alone. Girls in their late teens, once they have acquired the taste for sex, can have insatiable sexual appetites and – even if they would like to – find it impossible to be faithful to one man. We wish you luck.* Ed.

*continued on page 94*

*"I never thought promotion to the vice squad would have affected him so much."*

# READERS WRITES

*continued from page 82*

**Bung Ho**

*Sir:* Right now a lot of the major sex magazines seem to he preoccupied with anal sex, yet having conducted a little impromptu research among my friends and colleagues, I find that only about one in 10 wives and girlfriends let their guys fuck them in the bum, and of the one in 10, only half again *enjoy* it. Before writing you, I referred back to several reference works on female physiology, to find that none list the female anus as an erogenous zone. Me, I don't know how many girls I'm speaking for when I say that, while I enjoy having my bum tickled as a preliminary to intercourse, I'd really hate being buggered. Having my hole stretched a little is just tolerable, but I imagine to take a cock to the hilt would be a highly uncomfortable (physically and emotionally) experience – at times painful, and never even remotely enjoyable. In fact, the whole syndrome is one big turn-off in my books. I mean, while a girl can keep her pussy clean by douching, what girl can guarantee that when a guy pulls his cock out of her arse, he won't find shit on it? How do you live with that type of embarrassment, no matter how much you're into sex?

*Helen R, Brighton.*

**Come Clear**

*Sir:* Could you please explain to me the inter-bodily factor which governs the texture and consistency of semen? Also, why is it, when a man ejaculates several times within a short period of time, it becomes watery? One of my boyfriends has such fluid cum (and shoots so much of it) it's almost like being pissed over when I whack him off. Personally, I enjoy the smell and taste of cum, and I only wish guys were capable of ejaculating 10 or 20 times as much: it would be terrific and so exciting to see the stuff spurt all over my cunt and tits in never ending jets.

*Sylvia G, Rochdale.*

*Club International's* inhouse authority on jism Candy Samples replies: *Wouldn't it just? I'm a confirmed cum-freak myself and one of the high points in my filmic career was having three guys jerk-off over my tits. Lying there, massaging the stuff into my nipples, then using it as a lubricant for a dildo which I*

*used on (my good friend) Annie Ample, must have been as much of a turn-on for those who saw the movie as it was for me making it. As for why the consistency of cum varies from person to person, I've been unable to establish, even after talking to two or three doctors who specialise in male fertility problems. I takes six to eight hours for the testicles to 'refill' after ejaculation, and the colour (varying individually from cream, white, to shades of light grey), is caused by the spermatozoa itself. Any ejaculatory fluid emitted before this cycle is allowed to complete is 90 per cent sperm-free lubricant.*

**Sun Fun**

*Sir:* Living out here in the Sun Belt, my old lady and me could easily go round all the time naked when we're in the house. But we discovered its a whole lot sexier to always wear at least one piece of clothing, even in bed. I like to fuck her when she's got a night-gown on, and she likes me to do it with my tool coming through the slit of my Y-front underpants. It sure makes a difference.

*Lew R, Spain.*
